

AccessArt Take a Seat Project

AccessArt is keen to encourage, support and inspire making, and the **Take a Seat** project is one of many initiatives by AccessArt to encourage an open-ended, exploratory approach to making. We hope **Take a Seat** will inspire art clubs and after school clubs around the country (as well as activities in schools, and with community groups etc)!

Take a Seat is all about making miniature furniture – using as many different materials, techniques and ideas as possible! Download the free PDF and then use the ideas to get making!

Thanks to a generous donation of fabric from **One Button Ltd**, we can offer schools and facilitators packages of beautiful and eclectic scarves by Hem&Edge, which you might like to use on your **Take a Seat** project. **Find out how to get a bundle here!**

The **Take a Seat** project is taken from a forthcoming book by Paula Briggs called **Make, Build, Create: Sculpture Projects for Children** (Black Dog Publishing London 2016), following upon the success of **Drawing Projects for Children**.
