Exploring Sculpture in Primary Schools

This is a recording of the zoom CPD session on the 24th November 2021

This session introduces Sculpture to primary school teachers. The session covers:

- An introduction to the different types of Sculpture
- An introduction to the “Design Through Making” approach
- Suggestions for appropriate resources on AccessArt for Years 1 to 6 to help explore making

- Thoughts about progression and assessment in relation to making
- A short practical activity you can do with children in the classroom

Available as a Stream Recording only.
