

Exploring Primary Colours and Progressing from Powder Paint to Gouache and Acrylic

This resource is based on methods shared, during an AccessArt InSET session, for primary school teachers at New Hall School, Chelmsford, to ultimately enable their pupils to develop colour skills. Teachers explored using their intuition and experience to mix primary colours, creating coloured swatches, that matched the colours of spring flowers, whilst comparing painting mediums. Making a Pocket Gallery

This post shares an idea devised by Anne-Louise Quinton in which she enables children and teenagers to revisit the "ordinary" and resee it's potential. The activity is a great way not only to inspire children as artists and curators, but also to introduce them to a whole range of concepts and vocabulary. It would be a great activity to use in a museum and gallery education context, as well as the classroom.
