# Collage: Deconstructing, Reconstructing and Abstracting

## What We Like About This Resource...

*"I really like how this playful resource helps us to make a creative response inspired by a stimulus, ensuring that the stimulus is only an entry point into an outcome that will look totally different. Exploring the themes of colour, texture and composition through the lens of different artists also helps us see how we can interpret (and re-interpret) colours and materials in a meaningful way. Viewfinders and collage are also great tools for those who experience 'fear of the white page' and will allow learners to make conscious creative decisions as they go."* – Tobi, AccessArt
