A Progression Pathway in Clay Work

From Early Years

**Woodland Exploration by Caroline
Wendling & Deborah Wilenski**

Artists Caroline Wendling and Deborah Wilenski encourage young children in a woodland exploration using art and imagination as their discovery tools.

Nest By Paula Briggs

Paula gives children the tools to both draw and make. Children worked with hard and soft pencils, graphite, wax resist, watercolour, clay and sticks.

From Key Stage One

How to Clay Play

[_](#)This resource, commissioned by Cambridge City Council, encourages being together through making and introduces the basics of working with Scolaquip air-hardening clay.

Ofsted are Coming Tomorrow!

[_](#)Primary school teacher, Sue Brown, shares her experience of an Ofsted Deep Dive in Art and gives advice to other teachers on how they might prepare themselves.

Quick Clay Figurative Sketches By Paula Briggs

Paula provided young children with the opportunity to explore clay as a “short term” construction and modelling material. Without being fired, the dry clay has a limited lifespan, and the sculptures will crumble, but I think it’s important to remind ourselves that even without access to a kiln, clay can still be regarded as a valuable sculptural material.

Decorative Clay Coil Pots by Sharon Gale

This simple clay pot making resource is not the traditional way of making coil pots but it’s lots of fun and by using different paint effects, the end results can be very interesting. We worked on this project for two, two-hour sessions.

Making Plaster Reliefs By Paula Briggs

 This resource describes how to create plaster reliefs using clay and foamboard moulds. It is based upon a session which took place at Bourn Primary Academy with a group of Year 5 children.

Clay Art Medals by Sharon Gale

 In this three stage resource, students make a circular medal from clay depicting their own profile, look at examples of fun lettering and devise a short, fun or meaningful phrase to paint inside their portrait profile. Clay art medals are a fun way to link class topics with an art activity.

Japan: Making Sushi – Recycled Style! By Jan Miller

 Inspired by research into Japanese culture, children explored the potential and limitations of paper and recycled materials, learning through play and experimentation to make 3D forms. The outcomes of this process were used to inform work created in a second medium of clay, using kitchen equipment to shape the clay and add textures.

From Key Stage Two

Japan – Ceramics Inspire Painting and Painting Inspires Ceramics By Jan Miller

Jan shares a Year Three class project that uses the work of a contemporary Japanese ceramicist to inspire vibrant paintings in a variety of materials. The children then used their own art to design ceramic vessels.

Clay 'Portrait' Miniatures by Sharon Gale

Portrait miniatures are small painted images, usually of monarchs and very wealthy, important people. Dating back to the 1520s, these tiny portraiture paintings are like medals, but with realistic colour. This two stage clay and painting resource is very versatile because essentially the miniatures are blank canvasses.

Clay Slab Work by Andy Cairns

This resource explores how to make an armature and use clay slab to build a form. Based upon the legend of “Black Shuck”, a ghostly dog that roams the coast searching for its drowned masters, this project engaged the children and resulted in charismatic sculptures, but you could equally transfer the activity to other themes.

Fruit-Inspired Clay Tiles By Rachel Dormor

Ceramicist Rachel Dormor shares a workshop idea suitable for primary or secondary aged children. Working in clay, pupils take their inspiration from drawings of fruit to

make decorative clay tiles.

Fruit Pinch Pot Project By Rachel Dormor

Ceramicist Rachel Dormor shares a workshop idea suitable for primary or secondary aged children. Working in clay, pupils take their inspiration from drawings of fruit to make simple pinch pot mugs.

From Key Stage Three and Beyond

Chimera Drawings into Beautiful Terracotta Tiles By Eleanor Somerset

Sgraffito, or 'scratching' is

a technique which is an excellent way to reinforce mark making with all age groups.

Drawing into leather hard red clay tiles to create designs using mark-making can be even more effective when done through a white earthenware slip to reveal the red clay beneath.

Exploring Materials: Clay and Water by Sheila Ceccarelli

[_Sheila](#) asked teenagers at AccessArt's Experimental Drawing Class when the last time was that they had played with clay?

Arts and Minds: Manipulating Clay with Water by Sheila Ceccarelli

[_This](#) post shows how to

facilitate a sensory session exploring water and clay – by Sheila Ceccarelli (artist) and Yael Pilowsky Bankirer (Psychotherapist) for Arts and Minds.

Painted Clay by Melissa Pierce Murray

[_](#)This post was inspired by the Japanese art of dorondongo, where mud and dirt are shaped and buffed into highly polished spheres. We made clay spheres and other simple forms in clay, and once dry, painted them with ink and acrylic.

Exploring Portraits with Eleanor Somerset

[_](#)In this resource artist,

Eleanor Somerset shows how she led students in The Little Art Studio, Sheffield, to explore and discover portraiture through various media.

Introducing Sgraffito using a Coloured Clay Slip on a Terracotta Tile By Eleanor Somerset

[_](#)Further explore how to make beautiful sgraffito, or 'scratched drawings' with artist Eleanor Somerset.

From Bones and Body to Structure and Form By Melissa Pierce Murray

[_](#)Artist Melissa Pierce Murray worked with teenagers from AccessArt's

Simple Clay Moulds by Melissa Pierce Murray

Abi and students from Rowan Humberstone, describe how they made clay birds from a plaster mould.

Modelling The Head in Clay by Melissa Pierce Murray

Artist Melissa Pierce Murray led a series of workshops for AccessArt's Experimental Drawing Class in which the teenagers modelled a head in clay. There are five resources in this series, beginning with constructing an armature and making preparatory drawings, then studying the bone structure of the skull before moving on to features. The final post in this series looks at ways to increase the techniques and approaches used in drawing.

Design Lab: Phoebe Cummings at the V&A

Students, from the DesignLab at the V&A, London, worked with artist Phoebe Cummings over a three month period to create a site-specific, group piece, from unfired clay which was inspired by the historical 2D designs found on 19th century British tableware in the collection.
