A **40 Artist Educator** Resource: Be Inspired by Henry Ward

60 Minute Exhibition

Artist and educator Henry Ward presents 5 activities which he has used successfully to inspire creativity with pupils.

These ideas were shared with AccessArt as part of the [40 Artist Educator Project](#), funded by Arts Council England, aiming to highlight and celebrate artist-led teaching and facilitation.

5 Exercises by Henry Ward

This exciting resource offers students the opportunity to gain

valuable experience in a range of activities to enable them to become more confident in their own creative skills and working practice. It includes a thought-provoking, group drawing exercise on how meaning can become lost or altered as the 'message' moves further from the source; a time critical exhibition challenge; a practical making project that has to be completed within a clear set of rules, which actually opens up numerous creative options for the student and illustrates the benefit of documenting thoughts and processes; and two exercises centered around the student's ownership and management of their own studio space allocated within the classroom.
