

# Which Artists: Abigail Winter

By Abigail Winter

In this post, recent Cambridge School of Art Graduate and Artist Abigail Winter shares her passion for Paper Cut Illustration. This post explores typography and collage, coming together to form a 3 Dimensional image. This project also demonstrates how art can be used to spread important social and environmental messages. This post could be of interest to teenagers looking for ways to express social and environmental messages through their work, or could be a great way to begin to introduce 3D elements into work.
