

Drawing Into Space with Melissa Pierce Murray

In this session, artist Melissa Pierce Murray invited students to create three-dimensional drawings from tape, string and paper, using the entire room as our canvas.

Questioning the Canvas

Doodling with Stuff

Paula Briggs shows how to create a safe environment for pupils to explore a range of materials which they would be able to manipulate and transform.

Red to Green: Monoprinting

Monoprinting is an excellent way to access mark making and drawing but with a bit of 'distance' from the finished work. Results are always unexpected and the process itself very engaging, so any potential anxiety about what a finished drawing 'should' look like is taken away.

Megan Boyd

[Scottish Fishing Fly Maker](#)

In a cottage in northern Scotland, Megan Boyd twirled bits of feather, fur, silver and gold into elaborate fishing flies – at once miniature works of art and absolutely lethal. Wherever men and women cast their lines for the mighty Atlantic salmon, her name is whispered in mythic reverence, and stories about her surface and swirl like fairy tales. With breathtaking cinematography and expressive, hand painted animation, *Kiss the Water* adheres to and escapes from traditional documentary form, spinning the facts and fictions of one woman's life into a stunning film about craft, devotion, love, and its illusions.

Enjoy the preview of *Kiss the Water* below – the film is sure to inspire.

Hubert Duprat

Caddis Fly Larvae

French artist Hubert Duprat worked in partnership with caddis fly larvae to create these wonderful living works of art.

Cornelia Parker

Manipulating Matter

British sculptor and installation artist Cornelia Parker transforms ordinary objects into something compelling and extraordinary.
