

Curiosity and Kindness: Prompt Cards for Making

As part of the AccessArt Prompt Card collection, this selection of prompts for making focuses on the [AccessArt Art Week](#) theme of Curiosity and Kindness, and is a great way to inspire playful making, creative risk-taking and build a greater understanding of [material literacy](#) skills in learners. As well as practical making skills, learners will be encouraged to think creatively and positively about how kind traits and personalities can be conveyed through sculpture.

Suitable for learners aged 4 and above, this resource can be easily adapted for different abilities by adjusting the materials and tools provided, while the theme 'Kindness and Curiosity' can be modified to explore a range of personalities and traits.

Use the prompt cards below as a 30-minute warm-up to help learners begin to explore manipulating materials and moving their fingers.

What We Like About This Resource...

“It’s really interesting to hear how Su’s career path evolved organically, and how experimenting with different disciplines such as ceramics and sculpture whilst studying Textiles at the RCA began her journey towards paper craft and books. We really like how the small book sculptures inspired the larger scale set designs for The Snow Queen. They transfer so effectively to the stage and you can imagine how engaging it would be for a young audience to recognise letters and words on lampposts and other scenic elements”. – *Rachel, AccessArt*
