

Year 3 & 4 Making Club: Animating Articulated Beasts

By [Sheila Ceccarelli](#)

This was the follow on session from previous sessions where year 3 & 4 pupils at [Milton Road Primary School](#) had made [Articulated Beasts](#) using thick, glossy paper and simple engineering with pliers to manipulate wire and make moving joints.

In this hour long session, pupils worked in pairs with short-burst digital cameras to take a series of photos of their creations with a view to animating them using basic stop frame animation.

I asked parents if children could bring in old cameras and empty SD cards for the task.
