

Drawing With Two Hands

By [Joe Gamble](#)

This experimental drawing activity is formed of 8 drawing exercises, all focused on drawing using both the dominant and non-dominant hand, challenging learners to explore dexterity and control (or lack thereof).

These exercises can be split up to form part of a longer session, or they can be used individually as [warm-ups](#).

Learners will explore how both hands and drawing materials interact with each other to create fluid and rich drawings that challenge preconceptions of what makes a 'good' drawing.

The video is appropriate for viewers aged 14 and over, but can be used in a guided session with younger learners.

Exploration of Watercolour in the Studio

After having studied watercolour paintings at the Fitzwilliam Museum Cambridge with AccessArt, teachers were invited to undertake their own exploration of working with watercolour, including colour mixing, paint techniques, and intention. This resource shares the processes and outcomes of the practical studio session.
