

Collage Streets

By [Jan Miller](#)

Jan Miller is an Art and Design Technology teacher and magazine editor with 25 years' experience. In this resource, Jan demonstrates the process of using collage imaginatively in two ways to create individual pieces, that can be joined together to form a collaborative piece.

What We Like About This Resource...

“This project provides a real opportunity for children to engage with a range of different processes to produce truly individual final

results. Jan Miller is an experienced teacher and connects her projects well with learning outcomes. In this case, children are encouraged to have a loose approach and to make their own creative decisions – which is such a valuable part of any child (or adults!) creative education”. – *Rachel, AccessArt*
