

Chimera Drawings into Beautiful Terracotta Tiles

[By Eleanor Somerset](#)

Sgraffito

Sgraffito, or 'scratching' is a technique which is an excellent way to reinforce mark making with all age groups.

Drawing into leather hard red clay tiles to create designs using mark-making can be even more effective when done through a white earthenware slip to reveal the red clay beneath.

Following on from two previous sessions [Chimera](#) and [Wax Resist with Coloured Inks and Sgraffito on Foamboard](#), children at the Little Art Studio made sketchy pencil drawings on paper within a two 6" square tile framework and then sgraffito onto terracotta with a clay slip.
