## What We Like About This Resource...

“The sentiment behind this resource idea is lovely and it provides an opportunity to really develop some fine motor skills as well as independence of approach. Taking ownership of the medal design means the sense of achievement is heightened beyond the children just being given one. You can really imagine the positive energy that would surround this activity within a classroom, with each child working on a shared project but embarking on their own creative journey.” – *Rachel, AccessArt*
