

# Drawing Source Material: The Natural World

A collection of imagery and sources which you can use to prompt drawing in schools and community groups.

*Please note that this page contains links to external websites and has videos from external websites embedded. At the time of creating, AccessArt checked all links to ensure content is appropriate for teachers to access. However external websites and videos are updated and that is beyond our control.*

Please [let us know](#) if you find a 404 link, or if you feel content is no longer appropriate.

We strongly recommend as part of good teaching practice that teachers watch all videos and visit all websites before sharing with a class. On occasion there may be elements of a video you would prefer not to show to your class and it is the teacher's responsibility to ensure content is appropriate. Many thanks.

# The Natural World

Use the film below as source material to enable the children to draw the natural world.

You can either choose to stop the video, and draw from a collection of paused images, or you can also choose to ask the children to work from the moving image.

Find drawing exercises below to help your drawing exploration.

## Drawing Exercises

1. Have the children draw in a quiet room, with the video on the whiteboard.
2. Stop the video at a chosen frame and use your voice to direct their drawing. Choose words which relate to the imagery, for example you might decide to focus their attention on vertical lines, so you might choose words like: line, growth, upward, downward, fall... or you might choose to attract their attention to the energy of a wave or the curve of an animals back. Think carefully about the words you use – they don't have to be used in sentences – you can speak lists.
3. Each sketchbook response might take just 3 to 5 minutes, then move on to another still. Create a sense of momentum.

**Direct pupils to use a chosen medium. You**

4.

might like to start with soft pencil or handwriting pen.
