

Drawing Vegetables: A Drawing Game

By Paula Briggs

For the next few weeks in the **Drawing and Making Workshop for ages 6 to 10**, we're going to concentrate on exploring a variety of media through drawing vegetables.

Most of the children in this class (who are aged 6, 7 and 8) have been attending the sessions for a while, so are very familiar with the drawing materials we have available. Because of this, and because I wanted the children to be able to explore the vegetables freely and instinctively, I decided to turn the first session into a game.
