

# Drawing with a Ruler

By Paula Briggs

Here's a simple but effective exercise we used with children aged 8, 9 and 10, to help them explore a new way of seeing and drawing.

We were drawing semi-precious stones as part of a drawing/making project at an AccessArt Mini Art School session. As part of our sketchbook work, the children made several drawings in various media, and in this exercise, I invited the children to try to see (and represent in their drawing) the feeling of structure and volume within the semi-precious stones.
