

In the Studio: See 3 Shapes

Interested in attending this event? [Click here!](#)

Paula from AccessArt shares the “See 3 Shapes” drawing exercise. This is the perfect exercise to help learners simplify what they see, and make expressive lines to share what they see. The resources below share how to do the “See 3 Shapes” exercise and how to embed and develop ideas in projects.

See 3 Shapes was originally featured in *Drawing projects for Children* by Paula Briggs
