

Jan Miller

Jan Miller

Jan Miller currently teaches Art, and also Design & Technology, to children aged 7 to 16 at Moreton Hall School, Oswestry, Shropshire. She has over twenty years' experience teaching Art to children from age 3-18 and has never repeated a single project during that time! Inspiration for her projects comes from art exhibitions, museums, art books and having a camera permanently around her neck. Her degree in Illustration ensures drawing is a central feature in all projects. Jan particularly enjoys developing print and mixed media pieces with her classes as it gives children the opportunity to have an individual response. Jan facilitates AG&T children running their own lunchtime club and also manages an after school club.
