

Join The Drawing Challenge!

AccessArt is running an international Drawing Challenge with the aim of helping support teachers, facilitators and individuals to develop drawing skills through a series of inspirational exercises and drawing projects.

The Drawing Challenge can be taken at any time to suit you. It might be used whilst you are self-isolating or home educating, or be used in an after school or lunchtime art club, as content for gifted and talented pupils, or those who need extra help, or even in a museum or gallery education context.

It's completely free to join in, and it's up to

you how much time and effort you put into the Challenge. Here's how it works:

1) Complete the form below to join the Drawing Challenge. There is no application process – everyone can take part.

2) You will then receive a confirmation email (pls check spam folder if you don't receive it) containing a web address. Click the web address to download The Drawing Challenge PDF.

The Drawing Challenge PDF contains:

- 3 Drawing Warm Up Exercises
- 2 Drawing Projects

3) Undertake the exercises and projects in your own time and space. The PDF contains everything you need to know to run the exercises and projects. If you need any help at any time you can email info@accessart.org.uk. You can decide if you use all the warm ups and projects, or just choose a part of the Drawing Challenge.

Remember!

- You can use the Drawing Challenge to help raise standards of drawing in your school, to learn new skills as a teacher or facilitator, and to widen children's experience of drawing.

The Drawing Challenge is ongoing – join at anytime and use the resources when it suits you.

- The Drawing Challenge is suitable for all ages.
- It's up to you how much time and energy you commit to the Challenge. By registering to take part you are under no obligation.

We look forward to having you join us!

“I have been a part of the drawing challenge and it's been a fantastic experience for both the children and me as their teacher.”
