Making Money! Drawing & Making

This weeks Drawing workshop for ages 6 to 10 was a combination of drawing and making. The children have really enjoyed this term's selection of activities which have helped them make links between 2 and 3 dimensions. (See the bottom of this resource for links to other Drawing & Making activities).

Our focus this week was making money! And the children loved it - finding it easy to find their own way to personalise their money depending on their interests (making pirate money, thinking about the Romans, portraying themselves as Queen, or designing a new coin - the "infinity coin"!).
