AccessArt is a UK Registered Charity and a Subject Association. Our aim is to inspire, enable and support visual arts education in the whole community.

We have thousands of subscribers from the UK and overseas, making for a dynamic and diverse creative community. We receive no core or revenue funding, instead we rely on membership income to help us create new resources for the benefit of all our members. We keep membership fees as low as possible.

“Thanks again – I’ve gained so much from the subscription already and feel more confident when teaching Art.”

"...I love Access Art – I am really pleased we signed up! I am a member for my school and it has been a great inspiration even though we only recently joined."

"Your website and books are my total 'go to' for ideas. Inspirational."

"Thank you so much for your email, your website is like no other anywhere on the internet, thank you for your expertise and hard work, we are very lucky!"

"The posts on Facebook that I quickly read and it triggers a little idea I can add to my lessons the next week bring art into all subjects. One such post was about making a little sketchbook. So I did! I made 70 from a paper for our year cohort to use whilst out on a field trip exploring our local area for our local history topic. No worksheets. ..just sketching."

"Your teaching resources are brilliant, so well worth signing up again"

"I'd like to use the opportunity to congratulate your team...for your strong work and for all the inspiration which you share. I love accessart- I firmly believe it to be the absolute best resource available for creative ideas!"

"We love the AccessArt projects – they are stunning and inspirational – I have passed them on to other friends and colleagues who are equally impressed."

"The range of ideas and resources supports me in producing inspiring lessons for my students"

"I have found it a hugely valuable resource, containing inspirational ideas. I particularly like the art starter activities and being inspired by the art week activities."

"AccessArt is a fantastic inspiration to my own practice as a teacher and made it a far more enjoyable experience for me too..."

"AccessArt has given me 'permission' to practice my teaching in a way that I feel has integrity and links to my own personal understanding of the creative process."

"A great psychological support to teachers /artists carrying the creative torch! ;-)"

"...interesting and different ideas, that are not focused on a same end product for every child, but a creative experience for every child."

"I am a new user to AccessArt and have been amazed at the depth and breadth of your resources. There is so much I can use and which inspires me."

"What I love about AccessArt is the open, innovative and experimental nature of the projects."

"AccessArt has given me the courage to experiment. Gone are the days when all the children in the class draw the same picture & in comes free thinking, new ideas, discussions and thinking outside of the box."

"AccessArt has made me feel like making art is a real profession that can challenge us and make us grow in ways that we never knew we could."

"I LOVE the resources. I have replicated 2 projects and they worked brilliantly. The photos and breakdown of each project

is enormously helpful... Thank you for all your efforts, it is making a big difference to my teaching practice."

It always inspires me to try new projects. "*

"Really good to know there's a community out there as when you are almost always leading projects alone. Great, thank you."

"What I particularly like are the warm up exercises for drawing that you share with us – particularly good at putting the kids at ease with the drawing process – and the projects can be followed easily."

"This site has grown spectacularly since I last explored it. It's inspirational and packed with ideas and action. Thanks for all the work people."

"I can't wait to start accessing the site and the wonderful resources and ideas. I am positive that this will have a positive impact on the standards of art within our school."
