Social Media Marketeer

Mo is a Scottish visual artist with a MA (Hons) degree in Fine Art. Her work is a form of personal archaeology, weaving in family connections to long remembered landscapes, cherished pottery ware and precious garden plants as a meditation on loss, absence and change. She seeks to understand and convey place, or the sense of home, 'presence' and remembrance, of something being revealed or concealed. She works mostly on paper, manipulating layers of mixed media to create subtle, richly textured surfaces.

Mo is responsible for all social media marketing on Instagram and works part-time. She also looks

out for good quality images of work created in schools and other settings that have been inspired by the AccessArt Primary Art Curriculum, requesting permission to share (with credit) on the AccessArt website and social media.
