*"A huge thank you to all concerned! This has been a truly brilliant activity for my pupils, who have lessons with us as they are not in school for different reasons. They have all been totally involved. Each child thought hard about ways to react to the drawing they received and they had some terrific discussions. I don't think they will ever look at pictures in the same way again having had this experience." Diana Thompson, Laidlaw Education*

Congratulations to the children of New Hall Prep School and Laidlaw Education who were paired together! Click on an image to enlarge.
