

Plinth People: Sculptural Self Portraits

Join Paula Briggs and the AccessArt Art Club for ages 8, 9 and 10 to see how to make autobiographical sculptures.

By Paula Briggs

In the AccessArt Art Club for ages 8, 9 and 10, we've started a body of work (sculpture, collage, painting, drawing) which is loosely autobiographical. The idea is that by the end of the term the children will have each made a number of small artworks based upon their own likes, dislikes etc, and the children will then make a [cardboard suitcase](#) which will both house these collections, and provide a [pop-up gallery](#) for each child.

This week we started by making autobiographical sculptures.
