

# Sketchbook Journey Meet Ups

To further support primary schools who are beginning or developing their Sketchbook Journey, AccessArt will be running twice termly meet ups so that teachers across the country can come together to share their experiences, successes and challenges in sketchbook use, and learn from each other.

Whatever your level of experience, come along and share your experience with other teachers and ask questions of AccessArt. We hope together we can help nurture inspirational sketchbook use in schools!

The sessions are free of charge to AccessArt members (the zoom access link is behind the AccessArt website payment wall).

Next Sketchbook Journey Meet Up:
