

Tall Skinny

Teenagers working with Melissa Pierce Murray used thin wire to make works with a strong presence. They began by looking at examples of works by two contemporary women artists including Phyllida Barlow and Rebecca Warren.

‘Meet and Make’ Teacher CPD Event and Resource Share

See how teachers, museum educators, the local scrap store and arts organisations were brought together for a making session inspired by Brilliant Makers at Arbury Primary School, Cambridge with year three teacher Eilis Hanson.

Santa comes in all Shapes and Sizes: Yr 3 Make Bouncing Santas!

A fun end of term project that would also be perfect to do at home – making model Santas with character! Jan Miller share a process to make 3D model Santas using simple materials and processes. This activity can be used with children aged 7 to 14 (any KS, 2, 3 children).

All That Glitters...

Teacher and artist Jan Miller shows year three pupils works by the artist Andrew Logan. Pupils then have fun playing with materials that glitter and sparkle, developing their design and making skills to produce personalised brooches, decorative images of celebrities and gorgeous treasure glitter boards. Finally, they explore portrait drawing, creating a sparkly 'selfie'!

Hand Casts

In this post, artist Melissa Pierce Murray, shows, step-by-step, how teenagers made modroc casts of their hands.

Alginate Casting

Artist Melissa Pierce Murray introduces teenagers to the process of casting with non-toxic and fast-setting alginate.

For Remembrance Day

Anne-Louise Quinton creates a project for her Year 9 pupils to commemorate Remembrance Day. The teenagers worked collaboratively to create a collaged frieze of paper soldiers in response to an artwork by John Singer Sargent and a war poem by Wilfred Owen.

Japanese Sushi Inspires Our Art

Jan Miller leads a project enabling children to explore materials and learn from another culture by creating colourful, large-scale mixed media drawings inspired by food from Japan. This activity is suitable for older KS1 and KS2 children.

Japan – Ceramics Inspire Painting and Painting Inspires Ceramics

Jan Miller shares a class project that uses the work of a contemporary Japanese ceramicist to inspire vibrant paintings in a variety of materials. The children then used their own art to design ceramic vessels.

Japan: Making Sushi – Recycled Style!

Inspired by research into Japanese culture, children explored the potential and limitations of paper and recycled materials, learning through play and experimentation to make 3D forms. The outcomes of this process were used to inform work created in a second medium of clay, using kitchen equipment to shape the clay and add textures.

Three Approaches to Drawing

Melissa Pierce Murray proposes three approaches to challenge habitual ways of drawing by expanding the repertoire of marks and approaches.

Use Scrapstores!

Scrapstores enrich visual arts learning by making it more accessible, sustainable, and creatively engaging.

If you run an after-school art club, visiting your

local scrap store can help you access a wide range of high-quality art and craft materials for your members. The range of materials in scrapstores changes from day to day and could include card, paper, textiles, paint, corks, wool, cardboard tubes, netting, gauze and a thousand other things!

All scrapstores have different means of accessing their scrap materials. In some, you need to pay an individual membership fee, whilst in others, you simply pay for the scrap you take on the day. Below is a list of scrapstores nationwide, with contact details for each. If you are interested in listing your scrap store on the AccessArt website, then please contact rachel@accessart.org.uk.

You can see inspiring resources on using scrapstore materials here: [A Wealth of Materials](#)

Use [this directory](#) to find a scrapstore near you.

Renée Materials (Online)

[Renée Materials](#) reduces waste and cuts emissions on a large scale by offering businesses' off-cuts, surplus stock, and leftover materials for reuse. We feature high-quality materials like paper, wood, textiles, leather, glass, metal, and yarn through our marketplace."

Modelling the Head in Clay Part 4 – Features

This is the final post in a series of posts following teenagers modelling a clay head over a term with artist Melissa Pierce Murray. In the final session of the series: Modelling the Head in Clay, we look at how to form the features: eyes, ears, mouth. We look at ways to finish and embellish the form using hair, clothing or inventing horns. In the class we talked about how the muscles attach to the bones, and how the skin smoothes over the surfaces.

Modelling the Head in Clay Part 3 – Skull

This is the third post in a series of posts we concentrated on creating a solid armature and clay foundation for our clay

heads. In this post This post is the third in a series of posts following teenagers making a clay head over the course of a term with artist Melissa Pierce Murray. Here they concentrate on developing the shape of the cranium and forehead, the structure of the eye sockets, cheekbones, jaws and teeth.

Modelling the Head in Clay Part 2 – Preparations

This post looks at two preparations for making a clay head: drawing to help us learn to see the form in the round, and taking measurements from life.

This is the second post in a series of resources showing how teenagers modelled a clay head over the course of a term.

Modelling the Head in Clay Part 1 – Armature

Making a Steel or Wood Armature is the first in a series of f resources showing how teenagers modelled a clay head over the course of a term.

Pimp That Snack! Large Scale Food Sculptures

Art educator Anne-Louise Quinton shares a process for making super sized food sculptures from everyday materials, inspired by the work of Claes Oldenburg. This is a fun and challenging sculpture project for Year Nine and above.

Withy Butterflies

Art educator Anne-Louise Quinton shares a workshop for making a flock of large, withy butterflies, creating a colourful and dramatic artwork.

Sculpture from Sculpture

Inspired by sculptures by Henry Moore, Barbara Hepworth and Jacob Epstein and looking at 'inside' and 'outside' shapes, students created their own constructions with help of artist Anne-Louise Quinton.
