SHOE La-la: A Shoe Sculpture Project by Lala Thorpe

[Artescape](#) is an independent art programme for children aged 6-11yrs based in Islington, North London. The workshops are run on a Saturday from a purpose built studio based in a local school. I have been Director and lead teacher for the past 10 years and deliver a broad range of workshops, both topic and skills based. Every 10 week term we usually make a gallery visit as part of our focus and many parents enjoy this experience too! The Shoe project is part of a Fashion and Art topic which I ran with the 8-11 year olds, which included visiting the fabulously theatrical show of John Paul Gaultier's creations at the [Barbican](#) earlier this year.

I started this project as part of an exploration into fashion and different ways to access materials as an artistic process as well making observational work about the things we wear. We used clay as it's a very popular medium with the children, this focused them on 3d modeling skills.
