

# Personalising a Sketchbook with Mark Making and Collage

[By Andrea Butler](#)

During a short course on landscape with artist Jane Weatherley at [Edinburgh University](#), Jane talked to us about creating a sketchbook that acquired character through a 'history of use' and handling, what she termed the 'aesthetics of accumulation'. Jane tasked us with creating an 'auratic' sketchbook to record our experiences of the landscape, and this resource documents how I explored mark making techniques and collage to personalise my sketchbook, creating a range of exciting surfaces to draw into.

(auratic: 'of or relating to the distinct quality or essence of a person, work of art or/and object'. lexis.com oxford).

## Use Scrapstores!

Scrapstores enrich visual arts learning by making it more accessible, sustainable, and creatively engaging.

If you run an after-school art club, visiting your local scrap store can help you access a wide range of high-quality art and craft materials for your members. The range of materials in scrapstores changes from day to day and could include card, paper, textiles,

paint, corks, wool, cardboard tubes, netting, gauze and a thousand other things!

All scrapstores have different means of accessing their scrap materials. In some, you need to pay an individual membership fee, whilst in others, you simply pay for the scrap you take on the day. Below is a list of scrapstores nationwide, with contact details for each. If you are interested in listing your scrap store on the AccessArt website, then please contact [rachel@accessart.org.uk](mailto:rachel@accessart.org.uk).
