

All That Glitters...

Teacher and artist Jan Miller shows year three pupils works by the artist Andrew Logan. Pupils then have fun playing with materials that glitter and sparkle, developing their design and making skills to produce personalised brooches, decorative images of celebrities and gorgeous treasure glitter boards. Finally, they explore portrait drawing, creating a sparkly 'selfie'!

Use Scrapstores!

Scrapstores enrich visual arts learning by making it more accessible, sustainable, and creatively engaging.

If you run an after-school art club, visiting your local scrap store can help you access a wide range of high-quality art and craft materials for your members. The range of materials in scrapstores changes from day to day and could include card, paper, textiles, paint, corks, wool, cardboard tubes, netting, gauze and a thousand other things!

All scrapstores have different means of accessing their scrap materials. In some, you need to pay an individual membership fee, whilst in others, you simply pay for the scrap you take on the day. Below is a list of scrapstores nationwide, with

contact details for each. If you are interested in listing your scrap store on the AccessArt website, then please contact rachel@accessart.org.uk.

Pimp That Snack! Large Scale Food Sculptures

Art educator Anne-Louise Quinton shares a process for making super sized food sculptures from everyday materials, inspired by the work of Claes Oldenburg. This is a fun and challenging sculpture project for Year Nine and above.

Making Papier-Mache Marionette Puppets Inspired by Characters in a Historical Painting

Year three children make marionette puppets to tell the story illustrated in of “Penelope with the Suitors” by Pintoricchio

in 1509 with their teacher Jan Miller.

Withy Butterflies

Art educator Anne-Louise Quinton shares a workshop for making a flock of large, withy butterflies, creating a colourful and dramatic artwork.

Sculpture from Sculpture

Inspired by sculptures by Henry Moore, Barbara Hepworth and Jacob Epstein and looking at 'inside' and 'outside' shapes, students created their own constructions with help of artist Anne-Louise Quinton.

Magnets and Forces

Secondary school students are likely to study properties of magnets in their science classes, but in this workshop, artist Melissa Pierce Murray, encourages teenagers to explore playful and aesthetic responses to magnets, rather than analytic and quantifiable ones. Using artistic and scientific approaches together aid in developing curiosity and imagination.

Sculptures with Personality, Inspired by Anglo Saxon Houses

This resource shares a 3 hour session with Year 6 children from Barton Church of England Primary School. Children were studying the Anglo Saxons and we thought it would be a good opportunity to explore making skills.

Led by Paula Briggs, children to “make sculptures inspired by” an Anglo Saxon Village.

Making a Lyre Inspired by the Ancient Greeks

Here, Portia, aged ten and in year five, shows, step by step, how she approached a creative homework to learn more about the Ancient Greeks.

Sculpture Project Inspired by Egyptian Wall Painting

This resource shares a project which explored mould making, casting and painting in the creation of a sculpture inspired by Egyptian wallpainting, in particular Nebamun hunting in the marshes, Nebamun's tomb-chapel, which can be seen in the British Museum, London

The project can be adapted for use in KS 2 and 3, and can be used to accompany a study of Egyptian Art / Hieroglyphics.

Making a Pocket Gallery

This post shares an idea devised by Anne-Louise Quinton in which she enables children and teenagers to revisit the "ordinary" and resee it's potential. The activity is a great way not only to inspire children as artists and curators, but also to introduce them to a whole range of concepts and vocabulary. It would be a great activity to use in a museum and gallery education context, as well as the classroom.

Wave Bowls

In this session children make 'wave bowls' with Paula Briggs – a session where the pieces literally 'come together'.

Ink & Foamboard Architecture

Inspired by “Amphis” by Folke Köbberling and Martin Kaltwasser at Wysing Arts Centre, this post shares how the children went on to make architectural models based upon their exploration with Paula Briggs.

Making Shells

This was an afternoon session for year four pupils at Ridgefield Primary School, Cambridge, and part of AccessArt’s Brilliant Makers Club, a campaign supporting and championing making experiences in schools. This session was aimed at children who love making, and was limited to eight pupils, to allow for a rich, and rewarding experience and plenty of time to play with, and explore materials.
