

Drawing Source Material: Drone Footage over Natural Landscapes

A collection of imagery and sources which you can use to prompt drawing in schools and community groups.

Please note that this page contains links to external websites and has videos from external websites embedded. At the time of creating, AccessArt checked all links to ensure content is appropriate for teachers to access. However external websites and videos are updated and that is beyond our control.

Please [let us know](#) if you find a 404 link, or if you feel content is no longer appropriate.

We strongly recommend as part of good teaching practice that teachers watch all videos and visit all websites before sharing with a class. On occasion there may be elements of a video you would prefer not to show to your class and it is the teacher's responsibility to ensure content is appropriate. Many thanks.

Drone Footage Over Natural Landscape

Use the film below as source material to enable an exploration of drawing natural landscapes. You can also try to find drone footage of your own environment, or that of areas relating to projects you are covering in school.

Pause the footage at points which catch your eye and invite the children to make timed drawings – 15 minutes, 10 minutes, 5 minutes, 2 minutes or 1 minute.

Vary the drawing materials you use and work in sketchbooks or sheets of paper of different sizes and textures. You may also like to make multiple line drawings over one page – each with a different colour or line weight, to describe different pause points in the same film to capture a moving landscape.

Japanese Sushi Inspires Our Art

Jan Miller leads a project enabling children to explore materials and learn from another culture by creating colourful, large-scale mixed media drawings inspired by food

from Japan. This activity is suitable for older KS1 and KS2 children.

Japan – Ceramics Inspire Painting and Painting Inspires Ceramics

Jan Miller shares a class project that uses the work of a contemporary Japanese ceramicist to inspire vibrant paintings in a variety of materials. The children then used their own art to design ceramic vessels.
