

Following on Screen Printing with Andy Mckenzie

Following Andy's Introduction to Screen Printing, teenagers worked during an 1 1/4 hour long session to build images printing over the previous week's work.

Water and Rock: Teenagers explore building drawings with graphite and modroc

Teenagers look at pieces of chalk and flint and explore the physicality of rocks and geological processes with graphite and plaster.

Drawing Source Material: Inspirational Stadiums

A collection of imagery and sources which you can use to prompt drawing in schools and community groups.

Please note that this page contains links to external websites and has videos from external websites embedded. At the time of creating,

AccessArt checked all links to ensure content is appropriate for teachers to access. However external websites and videos are updated and that is beyond our control.

Please [let us know](#) if you find a 404 link, or if you feel content is no longer appropriate.

We strongly recommend as part of good teaching practice that teachers watch all videos and visit all websites before sharing with a class. On occasion there may be elements of a video you would prefer not to show to your class and it is the teacher's responsibility to ensure content is appropriate. Many thanks.

Inspirational Stadium Designs

Use the film below to enable students to explore inspirational stadiums around the world. Try to create a sense of momentum – for example you might pause the video 4 times and ask the pupils to make a 1 minute, 2 minute, 3 minute and 4 minute drawing at each pause.

Encourage close and slow looking by talking as they draw – use your voice to attract their attention to different qualities.

Try the same exercise using different materials, ie handwriting pen, ink and nib, using a ruler to make all the lines etc.

When pupils are more experienced, you can also try

getting them to make their drawings as the videos play – making quick gestural sketches.
