

Clay Pens

[By Tobi Meuwissen](#)

In this resource aimed at children ages 3-5, or those who struggle with dexterity, learners will mould their own pens using clay. This task is a great way to provide a tactile experience, explore mark-making and create something which they can use. This activity would be best run in small supported groups.

Painting with Poster Paint

“I really like how this resource provides lots of interesting and exciting ways for poster paint to be used. It combines observational drawing and painting with more abstract pattern providing a breadth of exploration. Giving learners the opportunity to explore the properties of poster paint as well as seeing how it responds to different materials will help to nurture imaginations as well as providing support for the development of basic skillsets.” – Rachel, AccessArt
