Teenagers Experiment with Glow in the Dark Paint and Rice with Artist Melissa Pierce Murray

Workshop led by Melissa Pierce Murray *(photographed by Sheila Ceccarelli)*

For this workshop, I brought in UV reactive paint and markers, and surprised students by turning off the lights and shining a UV torch on the palates.

I explained to students how I worked last year alongside **Aowen Jin** for her show **The Ritual**, commissioned by Museums at Night for the **Compton Verney Art Park and Gallery**, to create a massive phosphorescent rice field installation, which visitors

explored with UV torches.
