Autobiographical Drawing Upload Page

It's very important that you upload images of your work to complete the course. That way we can provide you with helpful feedback and you can share your work with others on the course.

Uploading is easy!

- Take a photo of your work with a camera or smart phone. Make sure it is well lit.
- Save the image to your computer (if you use a camera) at 600 pixels wide. THIS IS REALLY IMPORTANT. Most images fail to upload because they are too big.
- Make your comment via the "speak your mind" box below.

- Add your image via the "choose file" button.
- Don't forget to make helpful comments on other people's work.
