

# Visual Arts Planning: Culture & History

[<< Go Back To Our Visual Arts Planning Collection](#)

History and culture offer rich opportunities for exploration, while also creating meaningful cross-curricular connections for learners. They help open minds and deepen understanding of our own histories and cultures, as well as those of others around the world.

Tell us what you are planning to cover or explore this term in your school or institution and we'll recommend resources or learning approaches which we think might feed your teaching.
