# Working WITH and IN the Landscape by Frances Hatch

### A 40 Artist Educator Resource:

Be Inspired by Frances Hatch

Using rocks for direct mark-making.

Artist Frances Hatch generously shares her magical processes

for creating site specific art, inspired by a variety of environments including costal, woodland and urban environments and using materials found at the location.

This project was shared with AccessArt as part of the <u>40</u> Artist Educator Project, funded by Arts Council England, aiming to highlight and celebrate artist-led teaching and facilitation.

## Creating Artwork using Improvised Materials from the Landscape: Simplicity, Resourcefulness, Economy

This resource can adapted to suit any age group at any level of study or exploration. It connects us with our cave-dwelling ancestors. It encourages real investigation of all that surrounds us for as soon as we slow down and hang around, we realize what a fabulous amount of material there is to see and use.
