Inspire 2020 aims to:

- Support teachers to develop confidence working with the museum collection, supporting enquiry led learning and advocating for art and design within their setting
- Support teachers to develop knowledge of museum objects, art skills and techniques and cross-curricular teaching
- Enable pupils to make meaningful connections with arts and heritage
- Promote learning outside the classroom as a means of enhancing learning within the classroom
- Act as a vehicle for raising pupils' self-esteem
- Provide a platform for celebrating local schools' and pupils' creativity through the exhibition

When evaluating submissions we will look for:

- An investigative approach: Pupil-led research
- Process: Pupils have the opportunity to learn a new process inspired by the painting
- Cross-curricular learning: The project must link subjects across the curriculum
- Links with the wider community

Timeline

October 2019

Closing date for submitting work for consideration to the INSPIRE2020 display

November 2019

Schools notified if their work has been chosen for the display

December 2019- March 2020

INSPIRE2020 exhibition

Top tips for planning your project

- Link closely to the painting
- Involve children in the planning process
- Look at previous projects on the website
- Discover new links
- Make local links, draw on expertise within your community
- Document the process
- Evidence cross-curricular learning
